Town Warrant

STATE OF NEW HAMPSHIRE.

L.S.

TO THE INHABITANTS OF THE TOWN OF CLAREMONT IN THE
COUNTY OF SULLIVAN, IN SAID STATE, QUALIFIED TO VOTE IN
TOWN AFFAIRS:

YOU are hereby notified to meet at the lower assembly room in the Town Hall in said town, on Tuesday, the thirteenth day of March next, at eight o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the ensuing year.
2. To see what sum of money the town will vote to raise to pay town officers for the fiscal year ending February 15, 1907.
3. To see what sum of money the town will vote to raise to pay incidental expenses for the fiscal year ending February 15, 1907.
4. To see what sum of money the town will vote to raise for the support of schools for the fiscal year ending February 15, 1907.
5. To see what sum of money the town will vote to raise for the repair of highways and bridges for the fiscal year ending February 15, 1907, and determine how it shall be paid.
6. To see what sum of money the town will vote to raise to pay the debts of the town.
7. To see what sum of money the town will vote to raise for the support of the town's poor for the fiscal year ending February 15, 1907.
8. To see what sum of money the town will vote to raise for the support of the Fire Department for the fiscal year ending February 15, 1907.
9. To see what sum of money the town will vote to raise to pay for the use of hydrants for the fiscal year ending February 15, 1907.
10. To see what sum of money the town will vote to raise and appropriate for street lights for the fiscal year ending February 15, 1907.
11. To see what sum of money the town will vote to raise for the expense of Memorial Day.
12. To see what sum of money the town will vote to raise for the benefit of the American Band.
13. To see what sum of money the town will vote to raise to pay the Board of Education for the fiscal year ending February 15, 1907.
14. To see what sum of money the town will vote to raise in aid of the Cottage Hospital.
15. To choose a committee for Stevens High School for the ensuing year.
16. To determine the rate of discount the town will allow persons paying their taxes within such period as the town may designate.

17. To see what action the town will take in regard to having two regular policemen, one for day and one for night work, and fix their compensation.

18. To choose three members of the Board of Trustees of Fiske Free Library, to serve for the term of three years.

19. To see if the town will vote to raise the sum of fifteen hundred dollars (\$1500) for the support of Fiske Free Library, to be applied agreeably to the contract with Andrew Carnegie and Samuel P. Fiske.

20. To see if the town will vote to raise the sum of twenty-five hundred forty-four dollars (\$2544) to apply on payment of notes given to raise money for building North Street School house.

21. To see if the town will vote to raise and appropriate the sum of five hundred dollars [\$500] for Stevens High School, to buy desks and to make certain alterations and repairs.

22. To see if the town will vote to build a new bridge at West Claremont, so called, near Jarvis Paper Mills, and raise and appropriate money therefor.

23. To see if the town will take any action towards changing from its present form of government to that of a city, by petitioning the legislature through its representatives for a charter, or otherwise; or appointing a committee to investigate the matter and report at some future meeting.

24. To see if the town will vote to purchase a tract of land belonging to Burt Chellis and others, situate on the north side of North street, near the pine woods, so called, to be used as a public dump, and raise and appropriate money therefor.

25. To see if the town will vote to raise and appropriate the sum of \$500 and instruct the highway agent to use the same for the purpose of constructing a bank wall on Washington street; said wall commencing at the property owned by R. A. and O. D. Quimby, and extending easterly along the street for the distance of about one hundred yards. Furthermore, in the event of its being found that the sum of \$500 is not sufficient to complete the above mentioned wall, to see if the town will vote to instruct the highway agent to complete said wall with a part of the money raised by taxation and set apart for the support of the public highways.

26. To see if the town will vote to construct a retaining wall near and against the land owned by Patrick J. Sheridan on Lafayette street in said town.

27. To see if the town will vote to instruct the Selectmen to appoint a board of three commissioners who shall have full charge of the cemeteries in town; sell burial lots and make conveyances of the same, collect the pay, and use the money for the improvement of said cemeteries; and also authorize said commissioners to use the money now on hand which has been raised from the sale of lots, and also raise and appropriate an additional sum of money for the improvement of said cemeteries.

28. To see if the town will vote to authorize the Selectmen to issue notes for money which may be received on account of the Tappan Fund, the Fiske Fund, the Alden Fund, and the Chellis Fund, and also approve and ratify the notes already issued in connection with said funds.

29. To see if the town will vote the sum of \$150 for a ringing-in system for the use of the night police.

30. To see if the town will vote to put an arc light on Main street at a point near the coke shed of the Sullivan Machinery Company.

31. To see if the town will instruct the Selectmen to place an electric light on South street at the end of Severance street.

32. To see if the town will vote to place an incandescent light at the junction of the River road leading to Charlestown and the road leading to Ashley's Ferry, near the house of Fred L. Carr.

33. To see if the town will vote the Fire Department the free use of the Town Hall one such night as they may desire to hold their annual Fireman's ball, when the hall is not previously engaged.

34. To see if the town will vote to unite with the contiguous town of Weathersfield, in the State of Vermont, for the building of a free bridge over the Connecticut river agreeably to the provisions of sections 12 and 13, chapter 67 of the Public Statutes, and

To see if the town will vote to authorize its Selectmen to unite with the Selectmen or other proper officers of said Weathersfield, and contract with them for the purchase of any real estate or franchise if in their opinion the public good requires a highway to be laid out over such property or so near thereto as seriously to affect the value thereof, and to agree as to the proportion of expense to be borne by each town in the construction and maintenance of such highway, including piers, abutments and approaches and the proportion that each shall pay to third persons as damages subject to the approval of the town agreeably to the statute in such case made and provided.

35. To see what sum of money the town will vote to raise and appropriate for the purposes mentioned in the last preceding article or to see in what other way the town will vote to provide therefor and to take any action necessary to carry out the purposes of this article by borrowing money and giving notes or issuing bonds of the town therefor.

36. To see if the town will vote to give the free use of the Town Hall at three different times during the year and of the Opera House once during the year, when not otherwise in use, to the Ladies' Union Aid Society for the benefit of the Claremont Cottage Hospital.

37. To see if the town will vote to extend the present system of water works on Maple Avenue to Claremont Junction, erecting a hydrant there, and to determine the percent. of guarantee required for same.

38. To see if the town will vote to put in a dry hydrant system at West Claremont, connecting up pumps of both Jarvis Paper Mills and Coy Paper Company, and appropriate money for same.

39. To see if the town will vote to adopt the provisions of chapter 93 of the Laws of 1905 relating to Political Caucuses and Conventions.

40. To transact any other business that may legally come before said meeting.

Given under our hands and seal this twenty-sixth day of February, Nineteen Hundred and Six.

GEORGE W. PAUL, } SELECTMEN
ORA D. BLANCHARD, } OF
FRANK P. HUNTLEY, } CLAREMONT

We hereby certify that on this twenty-sixth day of February, 1906, we posted a copy of this warrant at the Town Hall, the place of meeting within specified, and a like copy at the Post Office, public places in said town, and deposited this warrant with Francis F. Haskell, Town Clerk of said town.

Total amount expended,		\$970 04

Of this amount \$70.65 was for labor and material not used for highway purposes, and was paid back into the treasury. \$480.87 was for labor performed prior to Feb. 15, 1905, and not included in Mr. Stevens's settlement with the town on the above date, and was not payable from the appropriation for the year ending Feb. 15, 1906. The item appears in the Selectmen's statement of debt and interest paid. \$418.72 was expended for labor performed between Feb. 15 and March 15, 1905, and is charged to the appropriation for the year ending Feb. 15, 1906.

paid directly from earnings for construction),		169,764 70
Net indebtedness of the town Feb. 15, 1906,		137,968 50
		\$328,555 02

Liabilities, 1906

On this and the following page will be seen the old form of statement which is given here for the purpose of comparison with statements of former years as well as with the new form adopted in the present report.

Amount of 4% coupon bonds outstanding Feb. 15, 1905, issue of 1894. These bonds were originally issued for the Concord and Claremont railroad,	\$50,000 00
Amount of 4% coupon bonds outstanding Feb. 15, 1905, issue of 1889. The above bonds were issued to refund that portion of the war debt which remained at that time unpaid,	25,000 00
Amount of 4% coupon bonds outstanding Feb. 15, 1905, issue of 1896. The above bonds were issued for the purpose of paying for the construction of the new town hall,	27,500 00
Notes given in payment for town hall, according to loans authorized in March meeting, 1896 and 1897,	5,205 00
Note given for money borrowed for support of schools,	150 00
Notes given to the Firemen's fund,	900 04
Demand notes given in 1899, bearing 3% interest, to refund notes bearing 5% interest,	5,550 00
Demand notes given June 2, 1902, bearing 3% interest, to refund notes held by trustees of Stevens fund and by trustees of other funds,	9,253 20
Demand notes authorized at adjourned meeting May 6, 1905 for water works extension and repair,	8,600 00
Interest due Feb. 15, 1906,	1,373 73
	\$133,531 97

Assets, 1906

Cash in treasury,		\$	4,606	47
Due from Sullivan County,			545	82
Due from collector of taxes,				
E. H. King, 1899, 1900, 1901,	273	65		
H. G. Sherman, 1904,	92	00		
O. S. Bugbee, 1905,	4,617	59	4,983	24
			\$10,135	53
Net liabilities,			\$123,396	44
Net liabilities Feb. 15,				
1905,	\$135,468	75		
Plus amount belonging				
to Tappan Fund,				
counted in treasury				
balance,	386	35	135,855	10
Net liabilities Feb. 15, 1906,			123,396	44
Decrease in liabilities,			\$12,458	66

The following is the amount of the several funds belonging to the town in trust.

Tappan	fund,	\$24,161	42
Fiske	"	2,630	91
John Chellis	"	4,085	87
Cemetery	"	2,627	78
Alden	"	1,881	07
Wallingford	"	1,451	78
C. O. Eastman	"	220	13
		<hr/>	
		\$36,058	96

Aside from the fact that the foregoing form of stating the financial condition of the town omits a large amount of liabilities it is especially misleading in the manner in which it apparently reduces the indebtedness of the town. For illustration, take the above given "decrease of liabilities" viz.: \$12,458.66, and deduct the amount of old indebtedness refunded into another form of debt \$11,014.28 and we only have an actual decrease of \$1,444.38 in the total indebtedness. These and other defects are remedied by the new form of statement.

Property Owned by the Town

Two houses and land, Healey estate.
 Town water supply system.
 Stevens high school building and lot.
 Town hall lot, \$12,000 ; improvements, \$72,000.
 Lobby and fixtures.
 Hook and ladder house.
 Steam fire engine and hose carriage.
 Hose.
 Library building.
 Spring of water.
 Two hearses.
 Town safes and furniture.
 Fiske Free library.
 Leased land.
 Hook and ladder truck and extension.
 New Hampshire law reports.
 Stone crusher, boiler and engine.
 Mountain View cemetery.
 Ball property.
 764 town histories.
 Fire alarm system.
 One pair harness for hook and ladder truck.
 One pair harness for hose carriage.
 One spring water, pipes, etc., at West Claremont.
 Two pianos.
 Sleigh for carrying hose.
 One stone crusher building.
 Stone building for tools.
 Scales and building.

Paid O. B. Way, treasurer Board of Trustees,	57 55
--	-------

Ten thousand dollars (\$10,000) of this Fund was loaned, secured by mortgages on real estate. There has now been collected and paid to the Trustees \$7,767.10, leaving a present deficiency of \$2,232.90, which should be materially reduced from the sale of western lands belonging to the Fund on which there was originally loaned less what has been paid on them \$2,512.10. For particulars of the entire Fund see report of Board of Trustees.

Ten thousand five hundred dollars (\$10,500.00) of this fund was loaned secured by mortgage on western real estate. There has been collected and invested in town notes \$4,576.42 leaving a present deficiency of \$5,923.58 which will be materially reduced by the sale of western lands belonging to the fund on which there was originally loaned less what has been paid on them \$2,950.00.

**Report of the Trustees of the Stevens and
Helen R. Healey Funds, for the Year
Ending Feb. 15, 1906**

THE FUNDS

Since the last annual report of the Trustees of the Stevens and the Helen R. Healey Funds the amount of each has been substantially increased, as may be seen by reference to said report. By the efforts of the selectmen sales of certain western lands belonging to the Paran Stevens estate have been made, amounting to \$917.10, and the money placed in our hands. This addition makes the amount of the Stevens Fund invested in 4% Claremont Water Supply Bonds \$84,800.00. It is expected that this sum will be slightly increased from further sales of western lands.

During the past year the Executor of the Helen R. Healey estate, Ira Colby, has made a settlement with the Judge of Probate and turned over to the Trustees this whole property. All the money received has been invested in the same Water Bonds, which makes the amount of the Healey Fund in these bonds \$64,700.00. In addition to these Water Bonds, we have in our possession the old brick Healey homestead, and the two-tenement wooden house on High street, and three vacant house lots. Within the year just passed the "Rugg house" has been sold for \$1,600, and a vacant lot for \$900. At present we hold from both the Stevens Fund and the Healey Fund \$149,500 in Water Bonds and the real estate above described.

Thus it will be seen that the combined amount of these Funds for the benefit of Stevens High school is considerably in excess of \$150,000, and that the Helen R. Healey Fund alone is not far short of the munificent sum of \$70,000. As it is the purpose of the Trustees to convert all of these properties (if sales on satisfactory terms can be made) into the 4% Water Bonds, agreeably to instruction from the town, Stevens High school will receive an annual benefit for its support of more than \$6,000. This is a sum several hundred dollars larger than has ever been received.

CURRENT INCOME EXPENSE OF HEALEY HOUSES

Received from rents of Healey houses,	\$727 79
Paid for repairs, water, labor, care, etc.,	128 40
Balance in treasury held for future repairs if needed,	599 39

This income from rents includes a balance of two or three years amounting to \$637.77, which has been collected by I. G. Colby acting as agent.

There is a pressing proposition now engaging the attention of the trustees: What shall be done with the grand old Healey homestead? It is in no condition to rent advantageously, neither as it appears will it sell for its real value. The trustees believing it for the best interest for the town not to hold the real estate have been diligently making efforts to sell the whole of it. They have succeeded in disposing to advantage the "Jacques house," the "Rugg house" and thirteen vacant house lots. The brick homestead and the double wooden tenement house on High street and three vacant lots alone remain unsold. Nothing but the homestead gives trouble.

Unless an early sale can be made of this the trustees are agreed in the belief that economical repairs should be made to put it in rentable condition. Three tenements can be made and there is little doubt but that all could be rented to yield a good income. During last season all the roofs of the brick house have been covered with good cedar shingles and the other tenements improved by paint, paper, whitewash, etc. The city water has also been put into four tenements.

February, 1906.

O. B. WAY, Treasurer.

" leaks in main pipes during the year, 1

" frozen services during the year, 86

" services lowered during the year, 29

Water was used from the wells during the year from March 15,
to March 19.

Number of hours pump was run, 53

" gallons of water pumped, 888,894

The year has been a busy one for the department, 12,918 feet of main pipes have been laid, 59 services have been put in and 29 services have been dug up and relaid deeper to prevent freezing. A new overflow has been built at the Straw reservoir, a new Blake pump has been set and a coal house built at the pumping station.

The cement pipe in Pleasant street, between the railroad track and South street, is in bad condition and should be relaid with cast iron the coming season.

Respectfully submitted,

J. L. RICE, Superintendent.

Treasurer's Report

Cost of water works plant purchased of Claremont Water Works Co. March 8, 1902, including store house and stock and tools, \$159,000 00

Cost of construction 1902,	849 44	
" 1903,	3,428 57

		<u>181,777 80</u>

Total cost Jan. 1, 1906,

It was found necessary to have a larger and better pump than the old one.

This required larger connections with the main from the wells, with boiler and with main service pipe, all of which was installed including grading and cementing floor to pumping station at an expense of

1,900 85

A store house was built at the pumping station at an expense of

181 58

 2,082 43

This amount is included in the \$14,867.89 as cost of construction in 1905, showing cost of extension of water pipes to be,

12,785 46

For details see Superintendent's report.

1906

Feb. 15 Balance in town treasury,	2,602 47	2,625 00
-----------------------------------	----------	----------

In accordance with the vote of the town to apply for state aid for the permanent improvement of main highways, the selectmen made application to the Governor and Council as required by law. On May 24 the State Engineer, Mr. A. W. Dean, visited Claremont and after consultation with the selectmen and an examination of the Charlestown road leading past the farm of W. H. H. Moody, said road was selected for permanent improvement commencing immediately south of the line of the electric railway. It was Aug. 24 before the State Engineer's department took the case up, at which time Mr. Brown, one of the engineers employed by the state, visited

Claremont, made a survey of the road and examined the locality to ascertain the kind of material obtainable for road construction. On Sept. 22 the State department advertised for bids for construction in accordance with a plan and specifications prepared by the engineers, bids to remain open until Oct. 7. It is understood that no bids were received, as the State Engineer invited the selectmen to bid after Oct. 7 for the work to be performed by the town. In the opinion of the selectmen the season was so far advanced as to render it unwise for the town to bind itself to perform the work within the required time which expired Nov. 25.

It is understood that the failure to make earlier progress in the case was due to the fact that the demands from the large number of towns applying under the law were more than the department as organized could meet in a proper manner, some towns having nothing done.

The plan for the Claremont road consisted of an underground drain near the easterly side of the traveled part of the road four (4) feet deep, the bottom 12 inches to be of coarse sand in which was to be buried a five inch tile pipe with upper half of joints remaining uncemented. This was to be followed by two feet of cobble stones and the last foot to be of the same material as the surface of the road, the ditch to be 12 inches wide at bottom and 24 inches at top. The purpose of this construction was to drain the road of ground water which is the main difficulty with this road. After the completion of the drain the plan provides for the grading of the road and the construction of open ditches for taking care of surface water.

For information of our voters we append the following statement of the State Engineer, followed by extracts from the law for the permanent improvement of main highways.

State of New Hampshire

HIGHWAY DEPARTMENT

STATEMENT RELATING TO STATE AID FOR HIGHWAYS IN TOWN OF CLAREMONT

Under Chapter 29 of the Laws of 1899, towns are required to raise $\frac{1}{4}$ of 1% of their valuation for maintenance of roads, provided, however, that no town is required to raise an amount exceeding \$50 per mile of road. The valuation of the towns for 1906 and the actual mileage of roads in each town cannot be definitely stated at this date, hence the amounts opposite "A" and "C" below are approximate only.

Subject to the above statement, the following amounts relate to the above named town :

A. Amount required to be raised under the law of 1899, one-fourth of 1%,	\$5,150 00
B. Additional amount if town applies for state aid,	888 75
C. Total minimum amount required to be raised for highway purposes if town applies for state aid,	6,038 75

If no application for state aid is made in 1906, the town is required under Section 3 of Chapter 35, Laws of 1905, to set apart and expend for permanent improvement the sum of

1,777 50

If the town does apply for state aid under the above mentioned law of 1905, a joint fund for the town is formed, the items of which are as follows :

Set apart by town under Section 3,	1,777 50
Set apart by town under Section 4,	888 75
Apportioned by state under Section 5,	533 20
Total joint fund for 1906,	3,199 45
Unexpended balance from 1905 fund,	3,126 72
Total available fund,	6,326 17

The unexpended balance of 1905 fund is divided between the town treasury and the state treasury as follows:

Amount in town treasury,	2,621.25—15.00,	2,606 25
Amount in state treasury,	524.20—3.73,	520 47

A. W. DEAN, State Engineer.

ABSTRACT FROM CHAPTER 35, LAWS OF 1905

SECTION 3. Each town shall, of the amount of money annually raised and appropriated for the repair of its highways, set apart the following amounts, to be used for the permanent improvement of its main highways, such improvement to be made under the advice of the state engineer.

Towns having a valuation of less than \$2,000,000, \$1 on each \$1,000 of their valuation;

Towns of \$2,000,000 and less than 3,000,000 valuation, 75 cents on each \$1,000;

Towns of \$3,000,000 and less than 5,000,000, 50 cents on each \$1,000;

Towns of \$5,000,000 and less than 15,000,000, 33⅓ cents on each \$1,000;

And towns of \$15,000,000 and upwards, 25 cents on each \$1,000.

And the commissioners of each county within which are located unincorporated towns or places shall set apart of the money raised and appropriated for the repair of highways in such unincorporated towns or places, \$1 on each \$1,000 of the valuation of each unincorporated town or place in which there are highways.

SECT. 4. If any city or town, or the county commissioners for any unincorporated town or place, desire state aid, as contemplated by this act, for the permanent improvement of the highways within such towns or unincorporated town or place, in addition to the improvements provided for by the amount set apart, as required by section 3 of this act, such city or town, and

the commissioners of the county for such unincorporated town or place, shall raise, appropriate, and set apart an additional sum equal to 50% of the amount required to be set apart for permanent improvements under section 3 of this act, and all money set apart by any city or town under this section, meaning the additional sum equal to 50% of the amount required to be set apart under section 3 of this act, shall be raised, appropriated, and set apart in addition to the amount now required by law to be raised for the maintenance of highways. Application for such state aid in any year, and notice of the raising, appropriation, and setting apart of such additional sum by any city or town, or by the commissioners of any county entitled to state aid, shall, on or before May 1st of such year, be made and given to the governor and council in the manner provided by the regulations authorized by section 2 of this act; otherwise they shall not be entitled to such aid for such year.

SECT. 5. The governor and council shall apportion from the amount appropriated under the provisions of this act, to each city, town, and unincorporated town or place which has applied for state aid and has raised, appropriated, and set apart the additional amount provided for in section 4, entitling it to state aid, for the permanent improvement of its highways, for each dollar so set apart by such city or town, or for such unincorporated town or place under sections 3 and 4, the following amounts:

Towns and unincorporated towns and places having a valuation of less than \$100,000, \$3 for each \$1 set apart under sections 3 and 4;

Towns and unincorporated towns and places having a valuation of \$100,000 and less than \$250,000, 1.25;

Towns and unincorporated towns and places having a valuation of \$250,000 and less than \$500,000, 60 cents;

Towns having a valuation of \$500,000 and less than \$1,000,000, 40 cents;

Cities and towns having a valuation of \$1,000,000 and less than \$3,000,000, 25 cents;

And cities and towns having a valuation of \$3,000,000 and upwards, 20 cents.

Cemetery Report

The Commissioners appointed to make improvement in Mountain View cemetery make the following report:

The town appropriated \$500.00 for this purpose all of which has been drawn by the Commissioners, and of this sum they have expended \$248.86, leaving in their hands \$251.14. The money expended was largely for improving the walks and avenues and also for improving the bank at the approach to the cemetery, which improvement has largely done away with the unsightly appearance at the entrance to the cemetery. The committee has also purchased fencing material and the purpose is to build a fence along the road leading from Main street to the cemetery. It is the intention to erect this fence in early spring. No extensive improvements have been made for the reason that the Commissioners did not have funds with which to carry out such improvements.

GEO. H. STOWELL,	}	Commissioners.
H. W. PARKER,		
W. T. FREEMAN,		

Board of Health

We have had reported to us during the year 1905 the following cases of contagious diseases: Diphtheria, 40; scarlet fever, 2; typhoid fever, 20; measles, 20; consumption, 6. Recovery followed in all the cases of measles and scarlet fever. There were four deaths from typhoid fever and also four from diphtheria. All cases of death from consumption must be reported to the board of health now, and there were six reported. Since Jan. 1 we have had two cases of diphtheria and about fifty cases of measles. We have had a large amount of illness of a contagious nature, and with the cases of diphtheria especially we are obliged to quarantine the entire family, and in all cases use a large amount of disinfectants, and in nearly all cases furnish the anti-toxin and in some cases furnish the living and medical attendance; it makes the matter of forty cases of diphtheria quite an expense to the town. There have been about \$400 expended for assistance to people in quarantine and for supplies for use in fumigating.

A new town dump has been located at what is known as pine woods at the west end of North street and the town will do well to purchase the land and have a place for a town dump that will be suitable for that purpose for many years. The land can be bought at a reasonable price and if this opportunity is allowed to go by we shall be obliged to go so far out of town for a dump that it would be very inconvenient.

The board of health have been greatly assisted by the physicians of the town and we wish to thank them for all their kindness.

Feb. 15, 1906.

RUFUS L. HOWE,	}	Board of Health.

Respectfully submitted,

AUGUSTIN D. DANSEREAU, Chief of Police.

Chief Engineer

During the year ending Feb. 15, 1906 there were 12 bell alarms of fire, as follows:

- March 15, 7.45 p. m., box 13, Flint house (Tolles place.)
April 3, 11.15 a. m., box 19, Roberts' mill.
May 8, 4.10 p. m., box 33, Diamond Match Co. lumber
(Red Water Brook road.)
June 10, 3.10 p. m., box 13, Flint woods (Tolles place.)
14, 11.50 p. m., box 19, Roberts' tenement.
17, 5.50 p. m., box 17, Kiniry barn, Mulberry street.
Aug. 17, 3.15 p. m., box 22, Cutting building, Main street.
Oct. 5, 12.10 p. m., box 19, Flint buildings (Tolles place.)
9, 2.10 p. m., box 17, grass fire, Lewis place, Mulberry street.
12, 12.05 a. m., box 13, Ladien blacksmith shop, Tremont street.
Feb. 4, 7.15 a. m., boxes 37 and 13, Paulette house, Tremont and Spofford streets.
4, 8.40 a. m., boxes 36 and 14, Fillion house, Hanover street.

Still alarms for brush and other fires, 38.

There has been an average of one bell alarm a month during the year, and an unusually large number of still alarms for brush fires. The brush fires have exceeded in number and extent any previous year, and the cost of fighting them per hour is in excess of all the other fires combined. As brush fires in a

good many instances result from carelessness, and occur almost invariably upon cleared land that has been left with the litter and underbrush of cutting, it would be a matter of economy to have such lands properly burned over at a seasonable time, thereby preventing risks that are often times serious, and resulting in a financial saving to the town.

During the year there has been added to the Department one double drop harness for the Hook and Ladder truck and the electric alarm system has been increased by eight additional boxes. The general equipment has been kept up to the standard allowed with the means at hand.

Four additional hydrants have been placed, one on Mulberry street extension, two on Maple avenue, and one near H. W. Frost's residence, Charlestown road.

At a joint meeting of the boards of engineers and selectmen it was voted to have two men on duty nights. This service was at once installed and two firemen in a room centrally located near the stables and hose are now always available to facilitate quick time in answering night alarms. In this connection there should be a telephone where these men room. For chimney fires and incipient blazes a telephone call in time very often prevents a general bell alarm with its attendant expense.

The Department is up to its usual form of efficiency, and at this writing there is no vacancy, with the exception of one on the board of engineers, caused by the resignation of Mr. Ira F. Chandler, who has removed from town. His term of service covered a period of about 10 years, and his resignation is a cause of general regret.

One unfortunate accident has occurred. Hoseman Joseph Clair, while engaged at the Diamond Match lumber fire, was knocked from a pile of boards, a distance of about eight feet, resulting in a broken arm that disabled him for some time. There were some other minor accidents, but nothing of a serious nature. The several companies have responded promptly in all instances, and the faithful work performed by the men has tended to lessen the cares of the engineers.

Further than that the Department equipment be maintained at its present standard, I have no special recommendations to offer.

In conclusion I take this opportunity of expressing to members and brother officers, my appreciation of their co-operation and good will, all of which is respectfully submitted.

C. E. SEARS, Chief Engineer.

School Board

TO THE SELECTMEN OF CLAREMONT:

In accordance with the provisions of Section 12, Chapter 92 of the Public Statutes of the State of New Hampshire, we submit the following report:

Number weeks of school,	36
Fall,	14
Winter,	11
Spring,	11
Number of male teachers,	2
Number of female teachers,	26
Total number of teachers,	28
Number of days attendance of all pupils of the district,	122,621

Claremont, N. H., July 7, 1905.

Stevens High School

REPORT OF THE SECRETARY OF THE STEVENS HIGH SCHOOL COMMITTEE

The corps of teachers, including the principal, Mr. Dewey, remains the same as last year, with the exception of Miss Dennett resigned, whose place is filled by Mr. Thompson.

The number of pupils graduated June, 1905, was 22. The number of pupils in attendance during the last few years shows a marked increase, as follows:

	1901	1902	1903	1904	1905
Class D (1st year)	26	34	43	54	51
Class C (2nd year)	22	23	28	36	47
Class B (3rd year)	15	22	25	23	22
Class A (4th year)	17	15	18	22	14
Special					6
	80	94	114	135	140

There is evidence of continued healthy growth of the school.

J. S. WALKER,
Secretary Stevens High School Committee.

Claremont, N. H., Feb. 13, 1906.
